Joe Gonzalez, President

The Management Connection, Inc. (TMC) is hosting the first annual **Great Exchange** conference on March 3 and 4, 2006. The conference location is– newly renovated and impressive– Historic Downtown Bryan, Texas.

The format for the conference is different from most you attend. The **Great Exchange** will be a series of professionally facilitated, in-depth discussions around topics initiated by six "anchor" cities. City Managers from the anchor cities will *not* be making presentations; rather, they will serve as the anchor for an exchange of ideas, issues, conflicts, and solutions around selected topics. All in attendance will participate in each exchange, and– with the professional facilitation of TMC– we will get at the nuts & bolts and heart of things.

Attendance at the **Great Exchange** is by invitation. We are inviting managers who we believe can make a meaningful contribution to the exchanges and make an impact with what they take back to their cities. Attendance will be limited to a total of 50 participants giving everyone an opportunity to fully engage in the exchanges.
