

Joe Gonzalez and The Management Connection, Inc. (TMC) is hosting the third annual **GREAT EXCHANGE** conference beginning Wednesday, February 20th and ending around 1:30 p.m. Friday, February 22, 2008 in Historic Downtown Bryan, Texas.

The **2008 GREAT EXCHANGE** Conference theme: *You've Done Your Best! What's Next?*

The Format

The format of the Great Exchange conference will be a series of professionally facilitated, in-depth discussions around topics based on “You’ve done your best! What’s next?” All in attendance participate together in each exchange.

Great Exchanges with Solution and Execution Teams

To ensure time is spent exploring issues and needs of specific interest to conference participants, the participants themselves will identify focus topics within the conference theme. The format for exploring each topic will be *Solution and Execution Teams created and facilitated by TMC throughout the conference.*

Attendance is Limited

We are inviting managers who we believe can make a meaningful contribution to the exchanges and can make a significant impact with what they take back to their cities. The total number of attendees is limited to maximize the opportunity for each participant to engage in the exchanges.

Once again, TMC will provide an area to display your successes, achievements, plans, etc. So, please showcase your best!
